The class format enables participants to retain their current professional positions while pursuing graduate studies. The 48-credit EMBA Program meets on scheduled weekends and intermittent Fridays throughout the 20-month program, which also includes an orientation day in August, an In-Residence weekend in September and an international study trip in June.

International Study Trip

Experiential learning is an important part of the UConn EMBA, which strives to develop global managers and thought leaders. The international study course and trip enables participants to experience developing economies and rich cultural histories first-hand. This experience allows participants to gain a better understanding of how concepts and theories learned in the classroom are applied in the global arena.

In recent years, the UConn EMBA cohort has visited:

- **Brazil**
- **Chile**
- **China**

Our graduates have proven that they are valuable and committed employees, ready to transition from strong performers to high impact leaders. UConn EMBA graduates amass a greater strategic vision through new ideas and theories empowering them to achieve a higher level of performance while contributing to the growth of their organizations.
