RAJIV GANDHI TECHNICAL UNIVERSITY

2001-2005

Bachelor of Engineering in Electrical Engineering

Achieved first class degree

EXPERIENCE

INDORAMA PETROCHEMICAL COMPANY LTD.

Nigeria

Project Manager – Electrical

2007-2011

- Took initiative to establish a state-of-art electrical testing facility. This facility saved \$125,000 annually for the company with a one-time investment of \$65,000.
- Orchestrated revitalization of an ineffective Polypropylene production unit by managing resources, which resulted in \$70 million annual revenue.
- Led team of 15 members with diverse backgrounds to execute critical projects and maintenance activities, which enhanced reliability and production capacity of company.
- Coordinated with various department heads to plan activities, manage resources and conduct international procurements.
- Received an excellent opportunity to assume responsibilities of department head in his absence; through this, I was able to display my managerial skills and gained trust of higher management.
- Provided basic facilities such as electric infrastructure for development of the local community by being in forefront of company's CSR activities.
- Successfully outsourced a \$10 million security up-gradation project by evaluating competent international vendors.
- Managed various local and international contractors to establish electrical infrastructure at \$40 million residential project.
- Collaborated to implement ERP system and also trained users to maximize its benefits.

RELiance INDUSTRIES LIMITED

India

Electrical Engineer

2005-Dec. 2006

- Investigated technical issues of polymer extruder system (critical manufacturing equipment) and recommended solutions for its reliable operation.
- Initiated "computer based training module" a tool to impart technical knowledge to unskilled worker.
- Performed well under strict time pressure and heavy workloads during major turnaround maintenance activities.

ADDITIONAL INFORMATION

- Interests: Analyzing economic scenario and exploring business opportunities in Africa.
- Associated with NGO "Sampark Samaj Kalyan Sansthan" in India.
- Identified and asked to create library and sports club within Indorama Recreational Club.
- Performed as Football Game In charge – Officers Club of Reliance Industries Ltd.
- Earned second position in national level paper presentation competition.
